Letter to our Shareholders

Dear Shareholders,

The COVID-19 pandemic and related shifts in healthcare priorities have resulted in numerous changes. Many work processes have become more digital, and the necessity and advantages of digitization are becoming increasingly clear. Digitization of healthcare has become a significant trend, which will accelerate significantly in the coming months.

This can be seen in the numerous **state-sponsored digitization programs** that were launched in Germany (Hospital Future Act), France, the Netherlands and other countries within a short time. Very extensive programs were launched in this area and provided with considerable resources. The reason is not least the recognition that the pandemic is also a crisis of medical data management and medical statistics.

We are convinced that these programs will improve **medical processes** and accelerate **communication** between those providing treatment as well as with patients. In recent months, we have strongly supported our customers in preparing the application forms for the investment programs and will be processing the resulting tenders in the coming weeks and months.

In this environment, it was not a matter of course to deal with matters successfully in the current period. It also put substantial demands on our employees, who have made every effort to prepare the new programs together with our customers under pandemic conditions as well as to continue to provide optimal service for the existing installations. We are therefore proud that the NEXUS team faced these challenges energetically and **can show consistently strong figures** for the first nine months of 2021.

Results

We were again able to show a very strong increase in sales and earnings and thus successfully continue our two decades of continuous growth in sales and profits.

Our sales increased by approx. 18.8% to EUR 137.22 million in the first nine months compared to the previous year. Our earnings before interest and income taxes (EBIT) increased by approx. 18.1% to EUR 15.14 million.

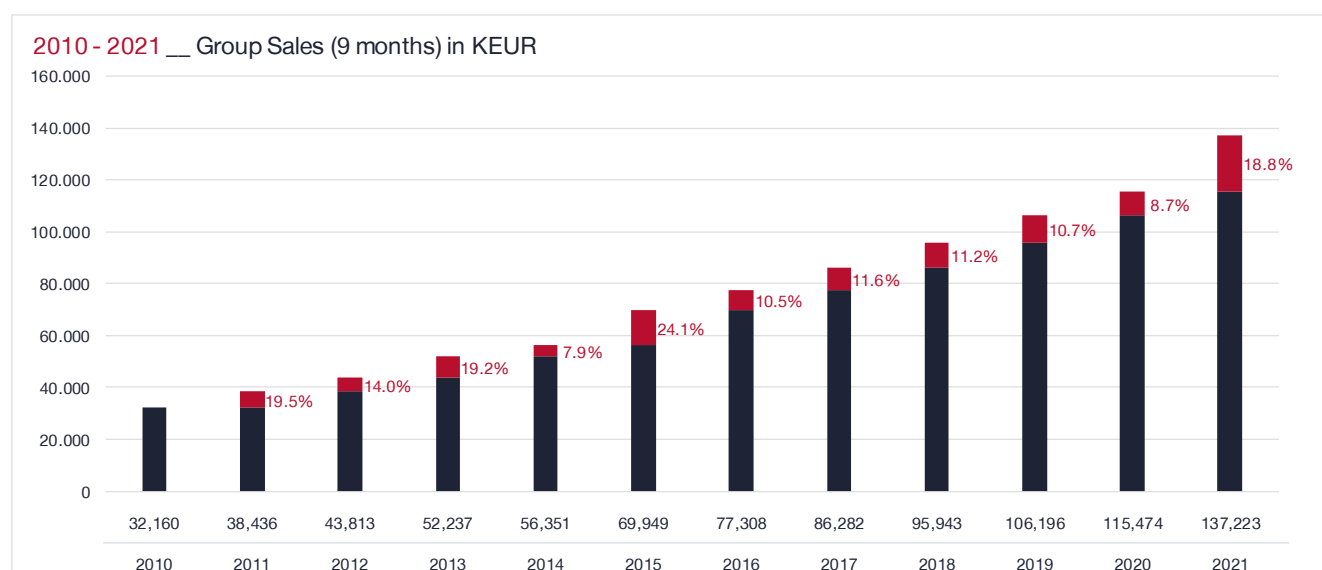

With an **EBITDA of approx. KEUR 27,605** and an operating cash flow of KEUR 24,727, we were once again able to confirm the soundness of our earnings development. Our EBITDA margin remained at 20.1%, a value that can be assessed very positively against the background of the strong sales development and the high integration costs. The **result per share increased by 23.2 %** from EUR 0.56 (9M 2020) to EUR 0.69.

— Dr. Ingo Behrendt, Chief Executive Officer (CEO)

The figures include the results of RVC Medical IT Holding B.V. acquired last year. For the first time, the companies ITR Software GmbH, ANT-Informatik AG and DC-Systeme Informatik GmbH integrated in 2021 were consolidated. Without these consolidations, the growth of the NEXUS Group (organic) would have been **approx. 10.0%**. EBIT changed only slightly as a result of the consolidation of the companies.

For us and our customers, the long-lasting exceptional period of the **pandemic was a particular challenge**. We are therefore very pleased that we have been able to cope well with this time with our customers and present such a convincing result at the same time.

Products

The focus of our activities in 2021 is entirely on the **implementation of innovations**. We are convinced that the key success factor in our dynamically developing market lies in innovations that enable users to benefit from tangible work facilitation and positive user experiences (UX). We are currently working intensively on this.

We are about to launch our new **"NEXUS / ADVANCED REPORTING"** diagnostic solution on the market. The module supports the creation of findings texts and diagnoses based on image analyses, predefined terminologies and experience (AI). As a result, findings can be produced significantly faster and in higher quality. We have already successfully placed **"NEXUS / DeepView"** on the market, i.e., hospital-wide image and document archiving, which enables a complete view of patient records. The same applies to the new development **"NEXUS / PORTAL"**, which facilitates communication between patients, referring physicians and hospitals. We are pleased to have **accelerated** these product innovations significantly this quarter.

Market

In terms of sales, we focused on processing national funding programs in the first nine months. In Germany in particular, we supported our customers in submitting applications and helped them to meet the tight deadlines. The upcoming tenders will now have to be processed in the coming weeks and months. Irrespective of these programs, we were able to win a number of **important new projects** in 2021, most recently the "Virtual Hospital NRW" project, a large project that connects many hospitals in North Rhine-Westphalia.

It is obvious that the market **trusts our products and our company**. This trend is being reinforced by the many M&A activities of our competitors. This is a **chance** for us; we can offer the customers of the acquired companies a modern system and thus facilitate the replacement decision.

Acquisitions

In 2021, we also strengthened our technological and human resources by acquiring small, highly specialized teams. We are currently focusing on **companies with special know-how**, with which we can jointly tap new market potential and provide synergies in the face of technological and sales challenges. In the first nine months, we were able to acquire a total of **five companies and part of another company** (asset deal).

Most recently, we acquired a small company in Ticino (SINAPSI Sagl), which strengthens our market position in the hospitals in Ticino thanks to

Highlights Q3 2021 – Company development

- + Strong sales increase in the third quarter +18,8%
- + National e-health projects in the tender phase
- + Large tenders won again
- + Strong increase in turnover in foreign markets

one of its developments. The **asset deal** in the Netherlands, which we implemented together with Dedalus, also includes a team that focuses on the development of drug and pharmacy software.

We want to continue this **form of business acquisition** to acquire know-how, technologies and market access. This is a strategy that further strengthens our product portfolio and our customer loyalty.

OUTLOOK: BE PREPARED!

The year 2021 has been a challenging but successful one so far. **With a 18,8 % increase in sales and a 18,8 % increase in EBITA**, we have demonstrated strong continuation of our two decades of continuous growth. The large projects we are currently winning and implementing make us confident that 2021 and 2022 will again be successful years. At the moment, however, it is also becoming apparent that we still have to expect uncertainties and **react quickly to new developments**. The pandemic development can again restrict the activities of hospitals and our ability to work.

Nevertheless, it is important to **be prepared** to actively exploit the opportunities provided by the Hospital Future Act (KHZG) and other national funding programs and to gain market shares. Especially our new developments provide great potential for further improving our product and market position.

The NEXUS team continues to look forward to these great challenges.

Warm regards,

Dr. Ingo Behrendt
Chief Executive Officer

Interim Annual Report of Nexus AG

Report about the profit, financial and asset situation

NEXUS Group sales increased from KEUR 115,474 to KEUR 137,223 (+18.8%) in the first nine months of the year 2021. The stable, positive sales development of NEXUS Group of recent years could be continued with that.

In the Healthcare Service Division, sales (unconsolidated) of KEUR 9,966 were achieved after KEUR 9,409 (9M-2020), i.e., approx. 5.9% more than in the previous year. This includes sales of KEUR 4,695 (previous year: KEUR 2,976) with the Healthcare Software segment. On the other hand, sales (unconsolidated) increased from KEUR 109,106 (9M-2020) to KEUR 132,002 (+21.0%) in the Healthcare Software Division. This includes sales of KEUR 50 (previous year: KEUR 65) with the Healthcare Service segment. The values include the figures of RVC Medical IT Holding B.V., Amersfoort (Netherlands), DC-Systeme Informatik GmbH, Heiligenhaus (Germany), ANT-Informatik AG, Zürich (Switzerland), which were consolidated for the first time and contributed to about 7.5% of the growth of the NEXUS Group (KEUR 10,262).

ITR Software GmbH, Lindenberg im Allgäu (Germany), osoTec GmbH, Affoltern am Albis (Switzerland) and SINAPSI Sagl, Lugano (Switzerland) have not yet had a significant impact on the revenue and the result of the NEXUS Group.

We respect to the regional development of sales, we were able to increase sales in Germany by 16.5% to KEUR 73,955 ((9M-2020): KEUR 63,463). In international business, we achieved sales of KEUR 63,268 in the first nine months of the year 2021 compared to KEUR 52,011 in the previous year (+21.6%). Sales in Switzerland (+13.4%), the Netherlands (+39.1%), Polen (48.9%), France (+5.4%) and Austria (+14.2%) were very strong.

Consolidated earnings before income interest and taxes (EBIT) developed very positively. They improved by 18.1% to KEUR 15,140 ((9M-2020): KEUR 12,818). RVC Medical IT Holding B.V., Amersfoort, consolidated for the first time, had no significant impact on the EBIT development in the first nine months of the year 2021. A value of KEUR 18,639 was achieved in EBITA and consequently was 18.8% over the value of previous year ((9M-2020): KEUR 15,685). EBITDA reached KEUR 27,605 in the first nine months of the year 2021 ((9M-2020): KEUR 24,762) and consequently was 11.5% higher than in the previous year. The non-recurring costs for the integration of the new companies in the first nine months of the year 2021 amounted to approx. KEUR 1,253.

Cash flow from operating activities amounted to KEUR 24,727 (9M 2020: KEUR 26,882) in the first nine months of the year 2021, still at a high level, but 9.0% below the prior-year figure. This is due to receivables from major projects for which longer payment terms were agreed.

The consolidated surplus increased by 23.1% and amounted to KEUR 11,110 in the first nine months of the year 2021 following KEUR 9,024 (9M-2020). There is a slight decrease in the tax rate there. The undiluted result per share amounted to EUR 0.69 (previous year: EUR 0.56) (diluted: EUR 0.69; previous year: EUR 0.56).

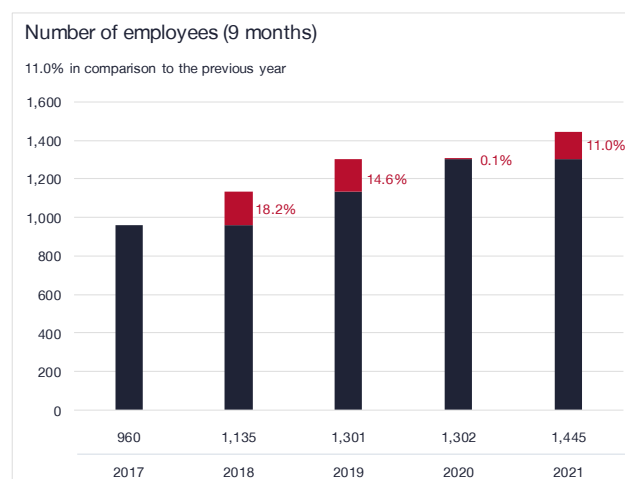

Investments in tangible and intangible assets were made in the amount of KEUR 4,113 in the first nine months of the year 2021 ((9M-2020): KEUR

2,302). This includes KEUR 2,015 ((9M-2020): KEUR 2,204) for capitalizing software developments.

The balance sheet total increased from KEUR 223,162 to KEUR 249,503 compared to 31 December 2020 (11.8%). Intangible assets, goodwill and balanced-out deferred taxes add up to a total of KEUR 152,578 following previously KEUR 134,648 (31 December 2020). Receivables from customers amount to KEUR 29,932 following KEUR 27,550 on 31 December 2020.

EMPLOYEES

NEXUS Group employed an average of 1,445 people in the first nine months (9M 2020: 1,302 employees).

CHANGES IN OWNERSHIP INTEREST

The following changes were implemented in the ownership interest structure:

- + With the merger agreement dated 28/11/2020, NEXUS . IT GmbH SÜDOST, Donaueschingen, (Germany) merged with NEXUS / CLOUD IT GmbH, Donaueschingen (Germany) as of 01/01/2021.
- + Nexus AG acquired 51.00% of the shares in ITR Software GmbH, Lindenberg im Allgäu (Germany) on 04/02/2021. A put/call option contract exists for a further 49.00% of the shares.
- + Nexus AG acquired a further 5.02% of the shares of the subsidiary NEXUS POLSKA sp. z o.o., Poznan, (Poland) on 24/03/2021 from the existing option agreement.
- + With the merger agreement dated 24/03/2021, NEXUS AEGERUS SL, Sabadell, (Spain) merged with NEXUS SISINF SL, Sabadell (Spain) as of 01/01/2021.
- + NEXUS Schweiz AG, a wholly owned subsidiary of Nexus AG, acquired 63.92% of the shares of ANT-Informatik AG, Zurich (Switzerland), on 01/04/2021. A put/call option contract exists for a further 36.08% of the shares.
- + Nexus AG acquired a further 6.33% of the shares of the subsidiary NEXUS POLSKA sp. z o.o., Poznan, (Poland) on 22/04/2021 from the existing option agreement.
- + Nexus AG acquired 100.00% of the shares in DC-Systeme Informatik GmbH, Heiligenhaus, (Germany) on 21/06/2021.
- + NEXUS Schweiz AG, a wholly owned subsidiary of Nexus AG, acquired 55.00% of the shares in osoTec, Affoltern am Albis (Switzerland) on 01/07/2021. A put/call option contract exists for a further 45.00% of the shares.
- + Nexus AG acquired a further 11.7% of the shares of the subsidiary ASTRAIA Software GmbH on 12/08/2021 from the existing option agreement.
- + NEXUS Schweiz AG acquired 100.00% of the shares in SINAPSI Sagl, Lugano (CH) on 24/08/2021.

Finance Highlights Q3 2021

- + 23.1% increase in the consolidated surplus from KEUR 9,024 (9M-2020) to KEUR 11,110
- + 18.1% increase in Group result for earnings before interest and taxes (EBIT) from KEUR 12,818 (9M-2020) to KEUR 15,140
- + Continued very strong operational cash flow in the first nine months of the year 2021 of KEUR 24,727
- + High net liquidity of KEUR 23,742

EVENTS AFTER THE BALANCE SHEET DATE

- + There were no events after the balance sheet date.

GROUP INFORMATION

CHANCES AND RISKS REPORT

Please refer to the explanations in the Annual Report of 31/12/2020 for information about the essential chances and risks in the development of NEXUS Group. There have been no essential changes in the meantime.

ACCOUNTING AND VALUATION METHODS

This interim report of the NEXUS Group of 30/09/2021 has been prepared in keeping with the International Financial Reporting Standards (IFRS) as they are applied in the EU. The interpretations of the International Financial Reporting Interpretation Committee (IFRIC) have been taken into account. The regulations of IAS 34 were observed in the interim report of 30/09/2021. This refers to a summarized report, which does not contain all information of an IFRS Group Financial Statement, and consequently this report should be read in connection with the Notes to the Group Financial Report 2020. The same accounting and valuation methods were used in the Group Financial Report for the business year 2020. The report has not been audited.

Focus Topic

The **intelligent** diagnosis

With our focus topics in 2021, we are continuing to work on fulfilling the NEXUS promise of “facilitating digitization in the healthcare sector”. This year, we are launching three new products that promise a leap in quality in our customers’ digitization strategy. We present **NEXUS / ADVANCED REPORTING** in the Quarterly Statement Q3-2021.

NEXUS / ADVANCED REPORTING is the fast and intelligent way to create diagnostic findings. By integrating digital data from medical devices – in the future coupled with results of artificial recognition algorithms (AI) – the appropriate text structures in natural language or by voice control are automatically inserted into the findings report. The automatically generated findings-text proposals support diagnostic decision-making and speed up documentation considerably. The basis for this is structured terminologies, which are stored for special departments and examination types.

Step-by-step prompting guarantees complete and precise diagnosis. Diagnoses and services can be reliably derived from this, and medical analyzes can be generated automatically.

THE INPUT SOURCES:

Voice inputs

Voice input can be used to create the report during the examination or afterward

Anatomical graphics

Localization and size information from anatomical graphics

Text input

Step-by-step selection of text blocks or manual entry of texts

Library

Stored medical or institution-specific information as well as SOPs help doctors with quickly available background knowledge

Medical devices

With the help of AI, parameters can be identified from the imaging sources that generate suggestions for findings in the report

HIS

Additional information via medical history data from the HIS

Terminology

Structured and content-linked technical terms form the text modules

THE RESULT:

Findings

Structured, complete, precise

Analysis

Management evaluations, medical analyses, AI-based research, etc.
